MEMORANDUM FOR THE HEADS OF EXECUTIVE DEPARTMENTS AND AGENCIES

SUBJECT: Maintaining the Vitality of Federal Research
and Development Laboratories

The Office of Science and Technology Policy has presented to me the report on actions taken by Federal departments and agencies to implement the White House Science Council's recommendations with regard to Federal laboratories. I am pleased by your progress in this important endeavor.

The report points out that much remains to be done to maintain and improve the vitality of the Federal laboratories. I compliment your efforts to date and urge you to continue devoting your attention to these laboratories. It is essential that we make the best use of them in responding to national needs.

A handwritten signature in cursive ink, appearing to read "Ronald Reagan".
